

HEAT COMMITTEE

(Hilton Environmental Analysis Tracking)

*Here are a few of the "Green" attributes of the
Doubletree Hotel Chattanooga:*

- ☑ All new energy efficient roofs covering our entire Hotel
- ☑ All new energy efficient PTAC A/C units in all guest rooms
- ☑ All new energy efficient HVAC units throughout our entire property
- ☑ The entire exterior of our hotel is wrapped in 1 ½ inch efface to insulate building
- ☑ We have implemented a "Green Program" for all terry cloth towels and linens
- ☑ All guest rooms have trash cans with the option to separate recyclables from trash.
- ☑ We have installed toilets that are more water efficient
- ☑ The entire property uses energy efficient light bulbs
- ☑ All collateral is printed on recycled paper
- ☑ Scratch Kitchen – which means: The majority of all bakery products are baked in-house, therefore eliminating paper & plastic products of shipped frozen foods
- ☑ Dry chemicals used in laundry & kitchen-ware washing eliminate excessive chemical waste going down our sewers
- ☑ All new windows are double-paned and insulated for energy efficiency
- ☑ Our Hotel recycle all florescent lights and all batteries
- ☑ All our meetings are green meetings, meaning: we do not waste paper printing copies for all department head, it is done via big screen TV in our meeting space
- ☑ All bathroom light fixtures are on motion sensors
- ☑ All new water-saving shower heads
- ☑ New kitchen equipment uses less gas & electric power than previous equipment of 30 years ago.
- ☑ All cooking oils are stored and picked up by reclaiming company
- ☑ Certified Green room cleaning chemicals
- ☑ All bar coasters are made of recycled tires eliminating wasteful paper coasters
- ☑ Our indoor fire pit burns denatured alcohol and for every gallon we buy, two trees are planted
- ☑ Public Restrooms use terry cloth towels & state of the art hand dryers

DOUBLE TREE[®]
HOTEL
CHATTANOOGA

- Salt water pool on property, eliminating all other chemicals previously used
